# Subject: A Demand for Accountability in the Face of Systemic Neglect and Targeted Persecution In a Modern Day Imminent Human Sacrifice of Disabled Whistleblower Barran Dodger.

Dear [Politician's Name],

My name is Barran Dodger, a citizen betrayed by the very systems that should protect individuals like me. This correspondence is both an urgent plea for justice and a formal notification of the dire consequences that systemic persecution has had on my life.

I have endured decades of calculated neglect, financial sabotage, and institutional malfeasance, which collectively amount to a deliberate campaign to destroy me physically, financially, and emotionally. This persecution is rooted in systemic corruption and character assassination that has deprived me of justice, leading to homelessness, poverty, and societal exclusion.

I am reaching out not in hope of sympathy but to hold your office accountable. By ignoring this letter, you tacitly affirm the institutional complicity in my engineered destruction. Such inaction, I contend, equates to a liability for murder—whether by systemic neglect or the despair such neglect induces. Before that injustice becomes my ultimate fate, I demand answers:

## 1. Prove the Allegations Against Me

You cannot prove I am a pedophile or a rapist because I am not. After years of being under ASIO surveillance and targeted by covert government contractors, no evidence exists. Were these allegations valid, I would have been prosecuted long ago.

## 2. Address the Neglect and Financial Abuse

I can prove that my properties, insurance claims, and rightful compensations have been

systematically withheld or redirected. Furthermore, the public guardian has confiscated my pension, perpetuating intentional neglect designed to solicit my demise.

**3. Expose Institutional Corruption**

From ASIO to NDIS, I have documented irrefutable instances of fraud and systemic manipulation. Tony Riddle, a senior NDIS investigator, corroborated the exposure of billions in misappropriated funds—yet I am vilified for whistleblowing.

**4. Acknowledge the Conspiracy to Silence Me**

Evidence shows that institutions including IBAC, ICAC, and legal aid offices have been deliberately obstructed from assisting me. I have reached out to every politician, including your office, only to face silence.

**5. Redress the Legal and Social Sabotage**

My professional reputation has been destroyed, my relationships manipulated, and my mental health weaponized against me. Such acts constitute a breach of my human rights under international standards.

My life is not sustainable, and the evidence clearly demonstrates how critical aspects of my survival have been systematically stripped away. Financial stability has been deliberately sabotaged—my rightful WorkCover claims and settlements have been denied or undervalued, leaving me in poverty and unable to afford basic needs [Document, page 3](<https://myaidrive.com/3jstwm4SkYcfa5fVYnFvJk/25.09.2024-g.folder.pdf?pdfPage=3>).

Disability support through the NDIS has been intentionally obstructed. They delayed or outright rejected my applications without justification, ensuring I remain trapped without access to the services I need to live with dignity [Document, page 7](<https://myaidrive.com/3jstwm4SkYcfa5fVYnFvJk/25.09.2024-g.folder.pdf?pdfPage=7>).

Every legal avenue for redress has been blocked. Freedom of Information requests are consistently denied, and courts and tribunals refuse to fairly hear my cases. These barriers ensure I cannot challenge the injustices committed against me [Document, page 11] (<https://myaidrive.com/3jstwm4SkYcfa5fVYnFvJk/25.09.2024-g.folder.pdf?pdfPage=11>).

Even my health has been weaponized against me. Public health systems have failed to provide adequate care, delaying or denying treatments that have worsened my physical and mental well-being [Document, page 15](<https://myaidrive.com/3jstwm4SkYcfa5fVYnFvJk/25.09.2024-g.folder.pdf?pdfPage=15>). This neglect has been compounded by relentless psychological abuse, where my concerns are dismissed, and I am manipulated into further isolation [Document, page 20] (<https://myaidrive.com/3jstwm4SkYcfa5fVYnFvJk/25.09.2024-g.folder.pdf?pdfPage=20>).

False accusations have been used to destroy my reputation and isolate me socially. Allegations of crimes I did not commit have been spread without evidence, ensuring I am ostracized and vilified wherever I turn [Document, page 23](<https://myaidrive.com/3jstwm4SkYcfa5fVYnFvJk/25.09.2024-g.folder.pdf?pdfPage=23>).

Through all of this, I have been entrapped in poverty. Legal aid has been denied, my pension confiscated, and financial support blocked. These actions ensure I remain in a state of vulnerability and dependence, unable to escape this engineered trap [Document, page 30] (<https://myaidrive.com/3jstwm4SkYcfa5fVYnFvJk/25.09.2024-g.folder.pdf?pdfPage=30>).

This is not accidental. It is a deliberate effort to strip away every necessary resource for sustainable living, ensuring I am left to suffer, isolated and marginalized. This system of abuse, neglect, and obstruction is designed to break me.

My story is not unique; it is a testament to how power structures marginalize whistleblowers and dissenters. The evidence I have compiled demonstrates systemic intent—this is not negligence but an orchestrated effort to erase my existence.

Failure to respond to this letter with concrete action will reinforce my claim that your office is complicit in this injustice. I urge you to investigate and address the specific abuses outlined in my case. To remain silent is to condone the systemic betrayal that defines my plight.

The stakes are life and death—my death, one engineered by neglect, poverty, and abuse. I will continue to fight for justice, and this letter serves as a record of your office's role, whether active or passive, in

siding with the corrupt political elite and profiteers benefiting from my silencing or murder which is imminent.

Sincerely,  
**Barran Dodger**  
Human Rights Advocate and Whistleblower

### Explication of Key Events, Evidence, and Their Broader Implications

# TWO DUDES TALK

## THE TRUTH WILL SET YOU FREE

@ABCNews Tony Riddell ex SAS didn't help me - why help him but this will - he exposes corruption  
[youtu.be](https://youtu.be)

### The Meeting with Tony Riddle, NDIS fraud investigator : Exposing Billions in NDIS Fraud to Corrupt Profiteers on the Head of UnNamed NDIS minister:

- **Significance:** Tony Riddle, a senior NDIS fraud investigator and former SAS soldier, identified billions of dollars in misappropriated NDIS funds during his investigation. His revelation exposed not only systemic corruption but also the mechanisms by which these funds were siphoned to benefit elite profiteers at the expense of vulnerable individuals like myself.
- **Systemic Targeting:** Riddle described me as a "sacrificial lamb" for the NDIS system—a scapegoat deliberately entrapped in poverty and denied justice to shield those profiting from systemic abuse. His statement underscores how my whistleblowing status has placed me at the center of a highly coordinated campaign of surveillance, character assassination, and legal obstructions.

### The Role of the NDIS Minister and Coordinated Attacks

- **Coordination of Harassment:** Evidence points to the unnamed NDIS minister orchestrating a multi-agency conspiracy involving police, Free Living Australia (NDIS provider), hospitals, and corrupt actors such as Graham Wells at Legal Aid and the magistrates' court. These entities have

collectively contributed to my exile and isolation, ensuring I remain vulnerable and unable to fight back effectively.

- **Tactics Employed:** From issuing dubious warrants for my arrest to withholding legal aid, the system has functioned as a cohesive apparatus designed to destroy my credibility, isolate me socially, and render me powerless against the corrupt elite who benefit from this exploitation.

#### The Financial Stakes: Money Laundering and Sustaining Greed

- **Corrupt Profiteering:** The billions tied to NDIS fraud are linked directly to entrenched elites who prioritize their wealth over the well-being of the people the program is meant to serve. By exploiting my case, they perpetuate this greed at the cost of human lives—including mine.
- **Impact on Me:** The denial of accountability and financial redress ensures my continued suffering and impoverishment, a necessary byproduct of maintaining the systemic corruption that sustains their profits.

#### The \$400,000 Payoff Offer

- **Mystery Benefactor Identified:** Tony Riddle, along with an IMF investigations chief, was revealed to be the mystery benefactor willing to pay \$400,000 to silence me. This sum highlights the stakes of my case and the extent to which powerful entities view me as a threat to their operations.
- **Quashed Deal:** The offer was obstructed through manipulation of lawyers, suggesting a deliberate effort to deny me the compensation owed to me and to erase the possibility of rebuilding my life. The power to override such a deal demonstrates the high-level coordination aimed at ensuring my ongoing suffering.

#### The Political and Spiritual Implications

- **Entrapment in Covert Intelligence Operations:** The manipulation surrounding this \$400,000 payoff and the broader stonewalling I've experienced indicate my unwitting involvement in a high-stakes covert intelligence operation. The goal is clear: deny me justice, redact my claims, and confiscate what little remains of my resources—all to protect the profiteers who benefit from my suffering.
- **Human Sacrifice:** This is not just a case of systemic neglect; it is a deliberate human sacrifice carried out to sustain greed and protect entrenched power structures. My life has become a pawn in a smoke-and-mirrors operation where my suffering is used to fuel corruption.
- **Christ Consciousness Appeal:** My role as a truth-seeker and whistleblower aligns with the spiritual archetype of sacrifice for a higher cause. Though my death may be engineered by systemic cruelty, the divine spirit of truth cannot be erased. I appeal to the inherent god-given conscience within those involved to recognize their complicity and act with integrity before it is too late.

#### Call to Action

This explication serves not just as an indictment of those who have perpetuated this cruelty but as an appeal to the divine spark within them. While humanity's institutions may be corruptible, the truth remains untouchable. I ask those who are complicit in my persecution to step forward, act with conscience, and break the cycle of systemic abuse and greed.

Dodger. It accuses various governmental institutions and affiliated entities in Australia of orchestrating a coordinated conspiracy to undermine the author's financial, legal, and social stability. Below is a summary of its key themes and allegations:

1. **Systemic Corruption and Conspiracy:**

It claims these actions are deliberate, aiming to destroy credibility and erase the author's existence.

The narrative details incidents of financial deprivation, including blocked compensation claims, fraudulent denial of support, and institutional negligence. Legal systems are portrayed as complicit, with barriers preventing justice or redress.

***This document 11.11.2024 Top 100 teir official government documents and other legal documents related to government corruption taretng Barran Dodger illustrating a sucessful conspiracy to pervert justice.pdf*** outlines an extensive narrative of systemic abuse, financial exploitation, and deliberate obstruction faced by Barran Dodger (formerly Dr. Richard McLean), as a whistleblower exposing corruption within Australian institutions. Key points include:

2. **Institutional Failures and Corruption:** Evidence reveals consistent exploitation by agencies like the NDIS and deliberate bureaucratic barriers in accessing disability support, legal aid, and financial restitution. Dodger attributes these failures to a conspiracy involving government officials and affiliated entities.
3. **Psychological and Physical Torture:** Advanced psychological operations, including the use of Voice-to-Skull (V2K) technology, are cited as deliberate attempts to destabilize him mentally. Coupled with financial deprivation, Dodger faced severe emotional and physical distress.

This included alleged high-level coordination by the NDIS and its senior investigators.

5. **Human Rights Violations:** Dodger highlights breaches of international charters, including the UN Convention on the Rights of Persons with Disabilities, through systemic neglect and abuse. Appeals to Australian parliamentarians and international bodies underscore his demands for accountability.
